We do not provide any advisory service and any investment decision is taken exclusively by you alone and should you require any advisory services you must rely upon your own financial advisors. Therefore, any explanation we may provide as to the terms of a transaction, or its performance characteristics will not a...

6. Instructions

- 6.1. If you wish to authorize anyone else to give instructions on your behalf, you must notify us in writing. This will require sight of the agreement between you and that other entity, and any other due diligence material the firm may reasonably request. Unless and until we are informed in writing that such authority has been withdrawn by either party, any action taken by us in conforming to any instructions given under such authority will be binding on you.
- 6.2. We shall be entitled to act upon any oral or written instructions which we reasonably believe to be from you or from any other person authorized to act on your behalf. Once given instructions may only be withdrawn or amended with our consent.

- 6.3. We may at our absolute discretion refuse to accept or act in accordance with any instructions, without being under any obligation to give any reasons therefor. If we decline an instruction, we will take reasonable steps to notify you promptly of this but subject to this will not be liable for any failure to accept or act on such instructions.

7. Dealing instructions

- 7.1. You will be dealing with us on an execution-only basis in reliance solely on your own judgement. In this regard you should bear in mind that if we merely explain the terms of an investment or its performance characteristics this does not of itself amount to advice on the merits of a transaction in the investment or on the legal, accounting or tax status or consequences.
- 7.2. You acknowledge that we may at our discretion, decide to require your Instructions to be submitted via our online system. We cannot be expected to act upon instructions until receipt thereof – it is your responsibility to ensure proper receipt of clear and unambiguous instructions.
- 7.3. We may acknowledge your instructions by such means as we consider appropriate whether orally, in writing, by actual performance or otherwise.
- 7.4. You shall promptly (and in any event within any reasonable time limit imposed by us) give any instructions we may reasonably request from you in respect of any transactions or other matters in relation to which we have accepted your instructions to act. If you do not do so, we may in our sole, but reasonable, discretion take any steps at your cost which we consider appropriate for our or for your protection.

8. Dealing

- 8.1. We may execute your dealing instructions upon or in accordance with the rules of any market or exchange and through any clearing house selected by us. We may enter into transactions for or with you which are not on or in accordance with the rules of any exchange for example, off-exchange transactions in foreign currencies, or in other non-readily realizable investments.
- 8.2. Assets and profits arising on closing a position, settlement or liquidation will be credited to your Account and losses will be debited from your Account. Any debit balance arising as a result of any close-out, settlement or liquidation will be payable by you forthwith whether or not demanded by us.
- 8.3. We shall be entitled to carry out all transactions in accordance with the rules, regulations, customs or practices of the relevant market, exchange and / or clearing house and all applicable laws whether imposed on you or us. We may take all such steps as may be required or permitted by such laws, rules, regulations, customs and / or market practice. We will be entitled to take or not take any reasonable action we consider fit in order to ensure compliance with the same and all such actions so taken will be binding upon you.
- 8.4. You agree that any transactions we effect for you will be subject to the rules, regulations, customs and practices of each relevant market, exchange, or clearing house on, through or with which we deal.
- 8.5. In executing transactions for or with you, we will always deal with you as principal whilst bearing in mind the best execution obligations of the MFSA and how they apply to each different client classification.
- 8.6. We may, at our discretion, aggregate your orders with our own orders or those of other clients of ours or our associates. We will allocate the proceeds of such orders among the participating accounts in a manner which we believe to be fair and equitable.

If the combined order is not executed at the same price, we may average the prices paid or received and debit or credit your Account with the average net price. Details of average price will be furnished on request. Such allocation must take place within five business days of execution. In aggregating your orders in this way, we must reasonably believe this will be to your advantage, for instance to obtain better execution or reduced foreign exchange or other dealing costs by being part of a larger transaction. However, on occasion, aggregation and allocation may result in you obtaining a less favorable price.

- 8.7. Where we are unable or consider it undesirable or inappropriate to execute your order at once or in a single transaction (split fills and/or market orders) we may execute it over such period as we deem appropriate, and we may report to you an average price for a series of transactions so executed instead of the actual price of each transaction.
- 8.8. We may undertake a program trade or trades comprising a single transaction or series of transactions on your behalf. In doing so we will always act as principal.
- 8.9. We reserve the right to refuse any trades placed by you that we judge to be clearly outside the prevailing market price such that they may be deemed non-market price transactions, whether due to manifest human error or stale, incorrect or broken price feeds. Where we have opened or closed a trade before becoming aware of the price disparity, we may at our absolute discretion either treat that trade as void or accept that trade at the prevailing market price.

9. Reporting transactions

- 9.1. We will generate an electronic confirmation in respect of all daily executed transactions to send out via the email on record.
- 9.2. After executing a trade which closes out an open position your confirmation will include a difference account, showing your profit

or loss arising from the closing out which will be credited to or debited from your Account and due for immediate settlement.

- 9.3. If we have instructed an intermediate broker on your behalf, the confirmation may be a copy of the confirmation sent to us by the intermediate broker. Confirmations posted, electronically transmitted, or otherwise sent to you at your last known email address in our records will be deemed to have been received by you when sent to the relevant address.
- 9.4. Unless otherwise agreed we will send you a monthly statement of every account comprised in your Account which includes or may include uncovered open positions. Performance measurement will not be provided other than by special arrangement. The statement shall include details of the contents and value of your Account and open positions and such other information as may be agreed from time to time by us or as is required to be disclosed under the MFSA Rules.
- 9.5. Any confirmation, statement of account, report or certificate issued by us in respect of any transaction or other matter shall be conclusive and binding on you unless objection in writing is received by us within 48 hours (excluding weekends) of the generation of the report, the period of which will be extended by a business day in respect of each local holiday occurring within the period. Occasionally (whether due to human or technical errors), discrepancies may occur in our confirmations, statements of account, reports, or certificates. Provided that we advise you of such errors and / or discrepancies as soon as practical you will be bound by the relevant confirmation, statement of account, report, or certificate (as so corrected) irrespective of when the relevant error or discrepancy is discovered by us. We will resolve once discovered discrepancies within 7 days.

10. Margin

- 10.1. You will provide to us on demand such sums by way of margin as we may in our discretion require for the purpose of protecting ourselves against loss or risk of loss on present, future, or contemplated transactions under this Agreement.

Different margin requirements may apply to different accounts and / or investments traded. You may be required by us to supplement such margin at any time if your Account shows a debit balance or an increase in your margin requirement. You will pay or transfer margin within the minimum period specified by us at the time (which may be within the same Business Day). Alternatively, an application for extending the trading facilities in response to a request for payment from you can be made. This will have to be subject to negotiation and agreed with a director of the firm listed on the Malta Business Registry website and confirmed by email to you. Our minimum business practice for considering the extension will normally be that we will require sight of the proof of payment and also advisement of the time for banking processes to complete.

- 10.2. Margin in relation to a particular type of transaction will be provided in cash or in the form of such investments or other assets (if any) we may in our absolute discretion agree. Where we agree to accept margin in the form of securities this is subject to the security and custody arrangements described in clauses 14 and 15.
- 10.3. Unless the terms applying to a particular type of transaction otherwise specify, margin will be valued by us on such basis as we shall in our absolute discretion determine and may reflect, without limitation, our view as to the extent that the relevant assets are fully available to us or such discount to the current market value of any margin as reflects our perception of the market risk of that margin.
- 10.4. While failure to pay margin when required will entitle us to close out some or all of your positions and / or call an Event of Default we are under no obligation to close out any transactions or take any other action in respect of positions opened or acquired on your instructions and in particular, on failure by you to pay margin when demanded will require us to close out any such transaction. Our system notifies clients at margin call at 150%, and automatic margin call at 100%. Stop-out is set at 50% of margin utilised.
- 10.5. All cash margin and other payments due by you to us pursuant to this Agreement shall be made in freely transferable funds in such currency and to such bank account(s) as we specify. If you are by law required to make any deduction or withholding in respect of taxes or otherwise, then you will be liable to pay such amount to us

as will result in our receiving a net amount equal to the full amount which would have been received had no such deduction or withholding been required.

- 10.6. Any sums (commissions/fees) due to us from you pursuant to this Agreement (plus any applicable VAT) are automatically deducted from your account without prior notice. We may have recourse against and sell, realise, or dispose of any of your Assets placed with us (including any margin collateral and safe custody assets) in order to realise proceeds which may be applied in the discharge of such sums.

11. Settlement

- 11.1. In relation to your open positions, you will promptly take all actions on or prior to maturity, which are necessary either:
- 11.1.1. To close out or otherwise liquidate such contracts by giving proper instructions in good time to enable us to carry out those instructions in accordance with their terms and the requirements of the relevant contract and of any relevant market, exchange, clearing house or intermediate broker; or
 - 11.1.2. To enable us to effect due exercise, settlement and / or delivery of such contracts as they fall due in accordance with the requirements of the contract and of any relevant market exchange clearing house or intermediate broker including but not limited to making any appropriate payment or delivering any underlying asset to us in good time for us to complete due settlement and delivery.
- 11.2. You will take all action necessary to enable us to effect performance of transactions as they fall due in accordance with the requirements of the relevant market, exchange, clearing house or intermediate broker.

- 11.3. If you do not give us notice of your intention to exercise an option together with any monies or property or documents required therewith by the time stipulated by us, we may treat the option as abandoned by you and notify you accordingly. We will endeavor to give you reasonable advance notice of the time available for the exercise of such option and / or any arrangements for automatic exercise.
- 11.4. If any payment, instruction, documents, or delivery is not received or is incomplete or incorrect when received we may without notice close out or liquidate the transaction or buy in on the market or make or receive payment or delivery in order to meet our or your performance obligations or take such other action as we in our absolute discretion may consider appropriate.
- 11.5. Profits arising from the granting, closing out, liquidation, settlement, or exercise of contracts or from similar transactions will be credited to your Account. Losses arising from the granting, closing out, liquidation, settlement, or exercise of contracts or from similar transactions will be debited from your account. Any debit balance on your Account or arising as a result of the liquidation of your Account will be payable by you forthwith whether or not demanded by us. If accounts within your Account are expressed in different currencies, they shall be translated to sterling at the prevailing rate of exchange.
- 11.6. Any crediting to your Account of cash investments or other Assets is subject to reversal if, in accordance with local laws and practice, the delivery of investments or cash giving rise to the credit is reversed.

12. Default and realization of client's assets

- 12.1. The occurrence of any of the following events shall constitute an event of default ('Event of Default'):

- 12.1.1. You breach any term of the Agreement, including, without limitation, your failure to pay any amount due under this Agreement in connection with the repayment of a Shortfall or otherwise and/or your failure to perform any Obligation due to us; or

13. Client money and assets

- 13.1. This clause applies to Retail Clients only.
- 13.2. Any of your money held by us and which is classified as Client Money will be held by us in accordance with the MFSA Rules. This means we will separate our own money from your money and hold your money in one or more client bank accounts.
- 13.3. Client Money may be pooled in our client money bank account(s) with the client money of other clients subject to Applicable Law. In the event of a shortfall arising in the amount of client money held following a default or failure by the relevant bank, you may not receive your full entitlement and you will share in that shortfall rateably in accordance with the entitlements of all affected clients.
- 13.3.1. Where monies are held outside of Malta, the legal and regulatory regime applying to any such bank or third party may be different from that of Malta and in the event of the insolvency or any other equivalent failure of that bank or

third party, your money may not be as effectively protected as if your money is held with an equivalent bank or third party in Malta.

- 13.3.2. We will not be liable for the failure or insolvency of any bank or third-party holding Client Money. However, if your money is held within another jurisdiction, a proportion of your cash balance may qualify for compensation arrangements, subject to the rules of that jurisdiction.
- 13.3.3. Your money may be held in a different currency from that of its receipt and will be adjusted each day to an amount at least equal to the original currency amount, translated at the previous day's closing spot exchange rate.
- 13.3.4. You will not be entitled to interest on any Client Money held with us.
- 13.3.5. We may pass on Client Money or allow another entity such as an exchange, a clearing house, or a liquidity provider, to hold Client Money where we transfer the Client Money: (a) for the purposes of a transaction for you through or with that person; or (b) to meet your obligations to provide Margin for a transaction. In these circumstances we will comply with the MFSA Rules, but we will have no responsibility for any acts (or failure to act) on the part of any such third party. In the event that we pass your Client Money to a third party (for example, a bank, clearing house or intermediate broker) in a country which is outside the European Economic Area (EEA), please note that the legal and regulatory regime which applies to that third party may be different from that in the EEA. The third party we pass your Client Money to may hold it in a general account and it may not be possible to separate it from the third party's own money. If the third party enters administration, liquidation or similar proceedings, we will only have an unsecured claim against the third party on your and our other clients' behalf. You should recognise that this could result in the third party not having enough assets to cover all the claims against it from our clients, including you.

13.4. You hereby agree to us releasing any Client Money balances, for or on your behalf, from client bank accounts and to us ceasing to treat any unclaimed Client Money in your Account as Client Money where we have acted in accordance with MFSA regulations, processes, amounts, and time limits concerning the potential repatriation of your balance.

13.4.1. Your money will cease to be Client Money when it is paid:

- a. To you or to one of your duly authorized representatives.
- b. To a third party on your instructions; and
- c. To us when money is due and payable to us.

13.5. If we hold any Client Money and/or custody assets on your behalf, we will provide you and your investment adviser (if any) with a statement in a durable medium on at least a quarterly basis detailing the Client Money and/or custody assets we are holding for you. You, an account representative, or your investment adviser may request a statement at other times. Statements may be provided by e-mail or other means of electronic communication. An administrative fee, and any costs incurred, may be charged for providing statements on request.

13.5.1. Only someone assessed as a Professional Client or an Eligible Counterparty can enter into a Title Transfer Collateral Arrangement, and as a consequence the protections under the MFSA Rules will no longer apply. Where you transfer money to us under this arrangement, we will treat this as a transfer of full ownership of money to us for the purpose of securing or covering your present, future, actual, contingent, or prospective obligations, and we will not hold such money in accordance with the MFSA rules. Any money received by us from you or an agreed third party for your Account will be owed by us to you and you will rank only as a general creditor of Alchemy. You will consequently not have a proprietary claim over money transferred to us, and we can deal with it in our own right. Your money will not be segregated from our money, and it may be used by us in the course of our business.

In return for setting up a TTCA we will be able to offer you our keenest pricing. The TTCA arrangement can be cancelled upon your request in writing or email to the addresses in the footer.

- 13.5.2. By completing and returning the Title Transfer Collateral Arrangement, you are providing us with written acknowledgement that you understand the information above and that you consent to your monies not being conferred the protections of the Applicable Law.
- 13.6. Withdrawal instructions to our banks will be placed the same business day if instructions are received before 2pm, Monday to Friday. However, the time period before it appears as cleared funds in your bank account is not within our control. If the money is staying with us but you have chosen a greater level of protection, then this will mean that the trading charges that you incur in future on the account will then go up. We will transfer the balance of the funds due to you or your newly designated trading account after consideration has made provision for your present and future obligations to us. In determining the amount of collateral and the amount of our obligations to you, we may apply such methodology (including judgements as to the future movement of markets and values), as we consider appropriate, consistent with the FCA Regulations at the time. In an effort to combat Money Laundering we do not normally accommodate a withdrawal instruction within 21 calendar days of deposit.

14. Charged assets – If you request us to hold physical securities (not money) on your behalf.

- 14.1. Your securities and any other Assets shall at all times be held by us subject to a general lien and right of set off against your Obligations whether or not we have provided credit, loans, or other financial facilities to you in connection with such assets and irrespective of the number of accounts which you may have with us.

- 14.2. As security for the performance of all your Obligations you hereby charge to us by way of first fixed security interest with full title guarantee and as a continuing security:
- 14.2.1. All your rights, title, and interest in respect of the securities, investments, cash, and any other Assets from time to time credited to your Account.
 - 14.2.2. All securities or other investments which, or the certificates or documents of title to which, are for the time being deposited with or held by us or an associate of ours.
 - 14.2.3. All your rights under this Agreement including, without limitation, all your rights to delivery of cash, securities, or other investments.
 - 14.2.4. All sums of money held by us or any associate for you, the benefit of all accounts in which any such money may from time to time be held and all your right, title and interest under any trust relating to such money or to such accounts as aforesaid,
- 14.3. All and any property and other rights in respect of or derived from the assets referred to in sub- paragraphs 14.2.1 to 14.2.4 above including, without limitation, any rights against any custodian, banker, or other person; (the assets referred to in 14.2.1 to 14.2.4 together the 'Charged Assets').
- 14.4. We shall hold all Charged Assets for the purpose of satisfying all and any of your Obligations under this Agreement and may without prior notice to you free of any interest of yours therein:
- 14.4.1. Deposit, charge or pledge Charged Assets with or to the order of any exchange, market operator, clearing house, intermediate broker or other third party and on terms that such third party may enforce such deposit, charge or pledge in satisfaction of all or any Obligations, and all or any obligations of ours or of any other Client of ours, to such third party which may include the creation of a security interest over Charged Assets ranking prior to any security interest in Charged Assets from time to time granted by you to us; and

- 14.4.2. Register, sell, realize, charge, or borrow against the same upon such terms (including as to the consideration received therefore) as we may in our absolute discretion think fit (without being responsible for any loss or diminution in price) and apply the proceeds in or towards satisfying any such Obligations.
- 14.5. Until you have paid or discharged in full all your Obligations, we shall be entitled to retain all your Charged Assets and you may not (without our prior consent) withdraw or substitute any Charged Assets. We may in our absolute discretion make payments or deliveries to you from Charged Assets, or otherwise exercise our rights of set-off, combination and / or consolidation.
- 14.6. A certificate in writing by our officer or agent that any power of sale or other disposal has arisen and is exercisable shall be conclusive evidence of the fact in favor of a purchaser of the whole or any part of the Charged Assets.
- 14.7. You agree you shall (at your cost) from time to time on request execute documents and take such other acts and steps as we may require to perfect or preserve the Security and to create new or further security interests over the same, to facilitate the enforcement of any such security.
- 14.8. You hereby irrevocably appoint by way of security, us, and any person from time to time nominated by us, as your attorney with full power of substitution for you and in your name and on your behalf and as your act and deed to execute documents and take such other acts and steps as may be required to facilitate the enforcement of the Security.
- 14.9. The Security is continuing and will extend to the ultimate balance of all the Obligations, regardless of any intermediate payment or discharge in whole or in part. The Security is additional to any other security, guarantee or indemnity now or subsequently held by us in respect of the Obligations and the Security is not in any way prejudiced by any other such security, guarantee or indemnity and shall remain in full force and effect until discharged by us.

- 14.10. If we reasonably determine that any payment received or recovered by us may be avoided or invalidated after the Obligations have been discharged in full this Agreement (and the Security) will remain in full force and effect and we will not be obliged to release Charged Assets until the expiry of such period as we shall reasonably determine.
- 14.11. No payment which may be avoided or adjusted under any law, including any enactment relating to bankruptcy or insolvency, and no release, settlement or discharge given or made by us on the faith of any such assurance, security, or payment, shall prejudice or affect our right to recover the Obligations from you or to enforce the Security to the full extent of the Obligations.
- 14.12. You will not create or have outstanding any mortgage, pledge, lien, hypothecation, security interest or other charge or encumbrance, or any other agreement or arrangement having the same economic effect, over or in respect of the present or future Charged Assets other than the Security or any other security contemplated under this clause 14.

15. Custody – if you request us to hold physical securities (not money) on your behalf.

- 15.1. We will provide you with a safe custody service in relation to any securities in accordance with the MFSA Rules (which securities will for the avoidance of doubt also be subject to the Security). This safe custody service will not apply to securities credited to your Account where full legal and beneficial ownership has passed to us and we owe you only a contractual right to the return of equivalent securities in accordance with clause 15.14, including but not limited to, any assets disposed of by us in whole or part under clause 14.3.

- 15.2. The following provisions of this clause 15 will apply to securities held by us in safe custody.
- 15.3. All securities purchased through us will be registered (except for bearer stocks) in the name of our nominee or the name of another custodian appointed by us unless otherwise required by you and indicated on the Client Application Form. We will account to you for all dividends, interest payments and other rights accruing to you. Bearer or other non-registered securities may not always be held by us directly but may be held by one or more third parties (including clearing systems; custodians and overseas agents) directly or indirectly and may be held for its or their account.
- 15.4. You should note that nominee account holders may not receive certain entitlements, such as annual report and accounts, nor attend annual (or other) meetings and vote at such meetings.
- 15.5. Overseas securities may be registered or recorded in the name of a custodian or in our name (subject to your prior written consent) in one or more jurisdictions outside the United Kingdom where we determine that, due to legal requirements or the nature of market practice in the jurisdictions concerned, it is in your best interests, or it is not feasible to do otherwise. As a consequence of this your securities may not be segregated from securities belonging to us and therefore your protection may be less should a default occur on the part of the person in whose name the investments are registered or recorded. Securities belonging to you which are held overseas may be subject to different settlement, legal and regulatory requirements from those which apply within Malta.
- 15.6. We are responsible for the acts of our nominee to the same extent as for our own acts. We accept no liability for the default of any other nominees, custodians or third parties.
- 15.7. Securities purchased through us may only be registered in the name of some other person whom you specify with our prior written consent. Where we consent to such an arrangement the consequences of such registration carried out in accordance with your instructions are entirely at your risk.

- 15.8. Securities registered or recorded in the name of a nominee may be pooled with those of one or more of our other Clients. Accordingly, your individual entitlements may not be identifiable by separate certificates, physical documents or entries on the register or equivalent electronic records. If there is an irreconcilable shortfall following any default or failure by the custodian responsible for pooled investments, you may not receive your full entitlement and may share in that shortfall pro-rata to your original share of the assets in the pool. When corporate events (such as partial redemptions) affect some but not all of the securities held in a pooled account we will allocate the securities so affected to particular Clients in such fair and equitable manner as we consider appropriate (which may without limitation involve pro rata allocation or an impartial lottery).
- 15.9. We will provide you with information relating to your securities held by us by sending periodic statements no less often than every 6 months. Assets will be valued in accordance with general market practice or, subject to our prior agreement, in accordance with your instructions.
- 15.10. We will collect any dividends, interest, payments, or other entitlements to which you may be entitled in respect of safe custody securities and of which we are notified and will remit to you such dividends or interest as soon as possible after deduction of any taxes and duties payable or credit them to your account.
- 15.11. Provided it is practical and expedient, we will endeavor to obtain your instructions for exercising or dealing with any of the following matters in relation to your securities of which we receive notice:
- 15.11.1. Conversion or subscription rights.
 - 15.11.2. Takeovers or other offers or capital reorganizations; and
 - 15.11.3. Voting rights.

- 15.12. The consequences of a failure on your part to provide instructions to us by any required time once notification of an event mentioned in clause 15.11 has been sent to you are your sole responsibility. If we are unable to obtain your instructions, we will be under no obligation to take any action but may, in good faith and at our discretion and without any liability therefor, use our judgment and act as we think fit in relation to any rights and / or privileges attaching to any investments held on your behalf.
- 15.13. Where we appoint a custodian for holding your investments it may be an associate.
- 15.14. Where you have a right to the return of any securities or other assets credited to your Account (whether or not they are subject to safe custody under the other provisions of this clause 15) we shall not be obliged to return the original securities or other assets delivered to us but merely to redeliver securities or other assets of the same type and nominal value and in case of securities of the same issuer.
- 15.15. Where positions in your Portfolio are held under nominee with a third party, we shall inform you of this fact and shall adequately warn you of any potential resulting risks.

16. Risks associated with the service.

- 16.1. All investment is subject to risk and the degree of risk is a matter of judgement and cannot be accurately pre-determined.
- 16.2. Risk is determined by the ability for the investment vehicle to return the original capital at a time determined by the investor.
- 16.3. Trading in derivatives is generally regarded as involving a high degree of risk when compared with other common forms of investment such as recognized collective investment schemes and debt and equity securities.
- 16.4. We give no warranty, representation or promise as to the performance or profitability of your Account with us or your investments or any part thereof.

- 16.5. The value of investments and the income derived from them can fall as well as rise and is not guaranteed.
- 16.6. Risk of Loss and Margin Calls- Trading can result in the loss of some or all of your funds deposited. Unless you are a retail Client, it is possible that you may lose more than your original amount invested (such excess loss, the "Shortfall") and you will be required to repay the shortfall immediately to Alchemy. The Shortfall could be a substantial amount relative to the size of your initial deposit or the equity in your account, and it could even be multiples of any such amounts.
- 16.7. Trading on margin (spread betting, CFDs and FX) carries a high level of risk and may not be suitable for all investors. The high degree of leverage can work against you as well as for you. Before deciding to trade your live account, you should carefully consider your investment objectives, level of experience and risk appetite. You could lose more than your initial investment and should not trade with funds you cannot afford to lose. You should be aware of all the risks associated with foreign exchange trading and seek advice from an independent financial adviser if you have any doubts.
- 16.8. Margin calls & Margin Cuts - If you maintain trade positions in your trading account which exceed your Margin Limit due to adverse movements in your trading positions, you will be required to deposit additional funds immediately into your Account. If you do not do this, as soon as you hit 50% Exposure (as calculated by the Electronic Trading System), some or all of the positions will be closed, at Alchemy's discretion, in order to bring your trade exposures within the Margin Limit.
- 16.9. Appropriateness Considerations - Prior to offering you a Trading Account, we carry out an assessment to determine if trading with us is appropriate for your particular circumstances. We determine this by asking you questions regarding your trading history, financial knowledge and experience, and financial resources. Despite this process, you may still lose money by trading with us, and you should not regard this appropriateness assessment as a substitute for a disciplined and considered approach to your trading, and you taking a personal responsibility for your education and appropriate risk-management which may permit you to be successful as a trader.

- 16.10. Effect of Leverage – Spread betting and trading foreign exchange and contracts for difference involves the use of “leverage” or “gearing.”
- 16.11. This means that you can, with use of a small deposit, known as the “margin”, place a trade controlling a substantially higher notional value, up to 30 times the size of the margin used for an individual trade for a Retail Client, whereas there are no such restrictions imposed by regulations for Professional or Eligible Counterparty Clients. When market prices move, “leverage” has the effect of the change in the value of the trade being magnified or accelerated, relative to other forms of investment activities with which you may be familiar (e.g., when you buy shares or units in funds/ collective investment schemes). As such, small changes in the value of the underlying instruments you are trading may have a large negative impact on the value of your trading account. You may also understand this concept in theory, but there is no substitute for actually seeing how leverage works in practice to see if you are comfortable with this form of trading, which is one of the reasons why we offer a demo account.
- 16.12. Market Risks – All markets can be subject to considerable movements caused by many different factors. By way of example only, some currencies may experience significant declines against some other currencies and devaluation of any such currencies may occur subsequent to your investment in these currencies. These may include, but not limited to unexpected interest rate decisions, political or budgetary statements by competent authorities and/or governments. Consequently, prudent traders set stop losses when placing trades to limit their potential losses, but it is important to understand that stop losses are not guaranteed risk-management tools and will not work in certain situations, including, but not limited to, the following:
- 16.12.1. Gapping – The price of an underlying instrument may move by a large amount and there may be no liquidity providers quoting prices at all within a given range around the applicable underlying instrument’s spot price (just prior to the market movement) in which case your stop loss will not be filled at the requested level. If this happens, the stop loss will only be honoured on the first available closest quoted price in the market.

- 16.12.2. Insufficient liquidity – A stop loss may not be honoured if no market quote exists in the desired amount for a requested stop loss transaction size. An example of this occurs when trying to risk manage a large position for a less liquid currency pair or if a single stock CFD transaction is large relative to the average daily volume of a given underlying stock. As stated above, your stop loss will not be filled at the requested level. If this happens, the stop loss will be honoured on the first available quoted price in the market.
- 16.13. Execution and Liquidity Risks – It is possible for your market order to be rejected. This could occur for the following reasons including, without limitation, system latency (the speed of trade execution), volatile market conditions/insufficient liquidity; incorrect order placing by you; slippage in excess of your prescribed limits or other forces outside of Alchemy’s control (see Force Majeure). Limit orders may be affected by liquidity conditions relative to the size of your order and those other orders placed at a given price which may result of them not being filled. Stop orders may be gapped and filled at the first available market price, thereby reducing their effectiveness from time to time.
- 16.14. Credit and Systemic Risks – In order to execute transactions on your behalf, Alchemy transacts with third party banking institutions when we have a requirement to hold client money and we may also deposit client margin with our liquidity counterparties, which may also be a regulated banking institution. The insolvency of any of these third-party entities may cause the insolvency of Alchemy and may delay the return of client moneys to you. Note however that Alchemy attaches the greatest importance to client money protection and has taken steps to protect client funds. In general, certain eligible claimants may be entitled to some compensation from the Financial Services Compensation Scheme in the event of a client money shortfall due to Alchemy’s insolvency or winding up. Alchemy is also required to hold a statutory amount of regulatory capital as a financial buffer to mitigate the adverse financial effects of its insolvency and/or winding up on its clients.

- 16.15. Risk Management Changes – Alchemy may be required at any time and without notice to amend the terms on which certain instruments may be traded or traded at all to protect the firm against overconcentration of risk. For example, initial or variation margin may be increased, certain underlying instruments may become prohibited, or your account's Margin Limit may be increased. When this happens, clients will be notified by email and this may result in you being required to close some or all of your open positions, possibly at a loss.
- 16.16. Regulatory Risk – Competent authorities may prohibit certain transactions outright or otherwise bans on specific trade positions, including, without limitation, bans on short-selling of financial stocks, government bonds and CFDs. Those same regulatory bodies may also exercise their statutory discretion to compel the firm to cease trading which will result in your positions being closed or alternatively, you and/or the firm may be prevented from closing or risk managing your positions, or the firm may even be prevented from notifying you that such events have taken place for a given period of time. You are likely to suffer loss in any of these situations.
- 16.17. Competent authorities may also impose increasingly onerous compliance and reporting obligations, licensing fee, regulatory capital or other operational requirements on the firm which may, in severe circumstances, result in the firm ceasing to trade. Alchemy takes a prudent approach to its liquidity and capital requirements to mitigate this risk.
- 16.18. As per 23.2 you may be able to seek recourse from the Financial Services Compensation Scheme
- 16.19. Risk and Force Majeure – If, despite provisions put in place for such instances, our own technology or that of our liquidity counterparty or any third-party infrastructure on which our operations depend, including, without limitation, our data centre servers or commercial broadband as well as back-up providers or systems for essential infrastructure, suffer a fault for any reason or an attack, you may suffer loss as a result. The firm will in each circumstance assess the reason for the losses incurred and if the circumstance could reasonably have been expected to be avoided, then where possible and at its sole discretion, it will compensate the affected Clients.

- 16.20. If an extraordinary event outside the control the Firm occurs, known as an Act of God or Force Majeure event, which includes, without limitation, war, strike, riot, crime, hurricane, flooding, earthquake, volcanic eruption, which prevents the firm from fulfilling its contractual obligations to you (each, a “Force Majeure Event”), your positions may be closed or may be unable to be managed for a period of time. You may suffer loss as a result of a Force Majeure Event occurring.
- 16.21. You should ensure you fully understand the risks involved before using our services and take appropriate investment, financial, legal, tax and other necessary professional, independent advice.
- 16.22. More information on the risks associated with trading on the Trading Platform is set out in our Risk Warning Disclosures. You should read this document and fully understand the risks before entering into this Agreement.

17. Conflicts of interest and disclosures

- 17.1. In relation to any transaction, we execute or arrange with or for you, we may have an interest, relationship, arrangement, or duty which is material, or which gives or may give rise to a conflict of interest with your interest(s) in relation to the investment or transaction concerned or investments or assets underlying, derived from or otherwise directly or indirectly related to such investments (a ‘material interest’).  - 17.2.7. Providing or having provided venture capital and to the company whose securities are the subject of the transaction.
- 17.3. We shall be entitled to provide services to you or enter into a transaction for or with you or retain your investments or act as your agents or provide any other service notwithstanding any such material interest and shall not be under a duty to disclose to you any profit arising therefrom without further reference to you. However, in such cases we may in our absolute discretion decline to carry out a transaction for or with you. In accordance with MFSA regulations, we shall be liable to account to you in general principles in respect of the likely fees, commissions and other charges normally incurred in a typical trade of certain securities.

In the event that the deposits and/or credit balances in the Trading Account are insufficient to cover such charges, the unpaid balance of such charges will automatically become a debit balance in the Trading Account, to the extent of such non-coverage.
- 18.4. Alchemy shall, in so far as practicable, notify you of any proposed changes in commissions and other fees in good time.

We will act in good faith and with due diligence in our choice and use of such agents.
